Place the fireplace in the desired location.

The surface should be as level as possible.

Figure 1 – Fire Pit /Barbecue

Figure 2 – Place the combustion zone

Figure 3 – Combustion zone placed

Remove the ashes

To remove the ashes use the two handles, that are provided in. Insert the handle into the respective orifice of the fuel compartment.

Figure 4 – Opening for the handles

Then rotate the handle at 90 degrees.

Figure 5 – Handle rotation

Until the handle is in a crosswise position.

Figure 6 – Handle in transverse position

Follow the same procedure for the other handle, and remove the base of the combustion zone, pulling on the two handles at the same time.

Use the same handles to remove the ashtray, located below the combustion zone.

Figure 7 – Combustion zone base removal

Put the handles on the fittings, as shown in picture 8, fitting on the opening that is shown.

Figure 8 – Handle fitting

Remove the ashtray pulling both handles at a time. After removing the ashes, put the ashtray on the combustion zone as well has the base that was previously removed.

Figure 9 – Ashtray removal

5—Maintenance

- Cleaning must be carried out with each use of the fire pit/ barbecue with wood or charcoal. Residues resulting from burning must be removed so that each use of the combustion is perfect;
- Never use chemicals not suitable for cleaning stainless steel;
- Do not use steel wool or abrasive sponges. The surface can be scratched by these;
- For food preparation utensils, they should be cleaned after each use with neutral PH detergents and then thoroughly rinsed in order to avoid any residue;
- GlammFire can not be held responsible for any damages resulting from incorrect and / or fraudulent use of the product. GlammFire can not also be held liable for failure to observe the instructions for cleaning or applying and / or using any other cleaning techniques;
- **Note:** Failure to comply with the above rules will void any factory warranty on all fire pits or barbecues, with the customer losing the right to require repair under warranty.
